

ТАМОЖЕННЫЙ СОЮЗ ДЕКЛАРАЦИЯ О СООТВЕТСТВИИ

Applicant limited liability company "RUSHELP". Registered by Federal Tax Service № 46 city Moscove 12.11.2012. main state registration number: 1127747135185. legal address: 117042, Moscow, Checherskiy Proezd, House 24, Russian Federation. current address: 117042, Moscow, Checherskiy Proezd, House 24, Russian Federation. Telefon: +7 (499) 390-97-33, Fax: +7 (499) 390-97-33, Email: rushelp ltd@mail.ru.

in the name of managing director Smyslov Alexey, acting on the basis of the Charter.

declares, industrial fittings for the pipelines: Orifice valves type SDV1-6 (Back pressure regulator), type SSD1-6 (Multi stage throttle), Check valves type_SMA64 (Autonomous Minimum Flow System), type SHP (Autonomous Minimum Flow System), type SSV/SMV10-20, type SSV40-79 (Automatic Recirculation Valve)

Manufacturer "Schroeder Valves GmbH & Co. KG". legal address: Archimedesstrasse 3, 51647 Gummersbach, Germany, BRD. current address: Archimedesstrasse 3, 51647 Gummersbach, Germany, BRD

Directive 97/23/EC of the European Parliament and of the Council of 29 May 1997 "Pressure equipment (Directive PED

Customs codes: 8481 101908, 8481 309108.

Serial production.

meets the requirements Technical Regulations of the Customs Union, TRCU 010/2013

Declaration is issued on the base of following documents Safety case; exploitative document (Operating Manual Operating Manual; technical Passports, ПС,); assembly drawings; Quality Management System Certificate of Conformity of the firm "Schroeder Valves GmbH Co. KG" ISO 9001-2008, registr. N° № 09 100 5086 from 07.12.2015, issued by "TUV Rheinland Cert GmbH", Köln (Germany); Testing Protokoll № XXX from XX.06.2016 , issued by testing laborotary "Testing Center "STANKOCERT", City Ivanova (RF).

Additional Information storage requirements: under roof or in indoor area by the temeratures from 0°C till 40°C and relative humidity till 50%. assigned storage time: 6 month. assigned lifetime: from 10 till 30 years???. assigned operation time: from 3000 till 8000 operating cycles (storage requirements, assigned lifetime assigned operation time can be different depending from design concrete product and hast o be specified in the exploitative documents

Declaration is valid from the date of registration till 20.07.2021 included.

CUSTOMS UNION

ANNEX № 1 TO THE DECLARATION OF CONFORMITY №

Information about the products, that are declared in that declaration,
customs code of Customs Union

Customs Code of Customs Union	Full name of the products, information about the products, which enables its identification (Type, trade mark, Model, article).
	Industrial fittings for the pipelines for fluid medium Group 1, equipment category 1, 2 (according TR EAC 032/2013):
8481 10 190 8	Orifice valves type SDV1-6 (Back pressure regulator): - nominal diameter from 32 mm till 300 mm; nominal pressure from 1,0 till 40,0 MPa included.
8481 10 190 8	Orifice valves type SSD1-6 (Multi stage throttle): - nominal diameter from 32 mm till 300 mm; nominal pressure from 1,0 till 40,0 MPa included.
8481 30 910 8	Check valves type SMA64 (Autonomous Minimum Flow System): - nominal diameter from 80 mm till 300 mm; nominal pressure from 1,0 till 40,0 MPa included.
8481 30 910 8	Check valves type SHP (Autonomous Minimum Flow System) : - nominal diameter from 80 mm till 300 mm; nominal pressure from 16,0 till 40,0 MPa included.
8481 30 910 8	Check valves type SSV/SMV10-20 (Automatic Recirculation Valve): - nominal diameter from 32 mm till 600 mm; nominal pressure from 1,0 till 40,0 MPa included.
8481 30 910 8	Check valves type SSV40-79: (Automatic Recirculation Check Valve): - nominal diameter from 50 mm till 900 mm; nominal pressure from 1,0 till 10,0 MPa included.
